NARRATIVE CONTINUED

Detective Cox and I conducted an audio-recorded interview with Peter Orosz (w/m, 1-11-78, 5062 Old Bradenton Road) in my unmarked police car. I was wearing my police-issued polo which had an SPD badge embroidered on it and identified me as a police officer. Detective Cox was wearing the same polo.

I read Peter his Miranda Rights and he agreed to speak with us. Peter admitted to using Bit Torrent on his computer. He said he uses it to download movies. I asked Peter about child pornography, and he denied ever downloading child pornography. I asked him about 1-16-24 and if he happened to download child pornography that day and he said no he did not do it on any day.

We talked for a while longer, Peter denying any knowledge of child pornography downloads on Bit Torrent. Peter then requested an attorney. All questions stopped.

Peter was taken outside of my car and stood near the trunk while detectives remained inside the apartment searching the residence. Peter is the sole occupant of his room. He rents a room from Robert Alexovics for \$750 a month and has lived there since approximately August 2023.

Forensic Tech Brian Yang conducted an on-site preview of Peter's laptop. With the laptop hooked up to the forensic software a search of "pthc" was conducted. One of the video names came up on the screen "(Hussyfan)(pthc)(r@ygold)Preteen Asian ALICA, 11yo Philippine (Filipina) child prostitute XXX HC Pedo ptsc.mpg". The date and time on the computer showed accessed-3-10-24 at 12:09:18 PM, created-1-31-24 at 6:27:23 PM. This video, along with 15 others came up with the word "roaming" in the file path name.

Peter was placed in custody and transported to the SSO jail by Officers Spencer and Harris for possession of child pornography.

Forensic Tech Yang came back to SPD and forensically examined a Samsung Evo 32 Micro SD card in an adapter. This SD card was found in the top drawer of a table next to Peter's computer in his bedroom. On this Micro SD card, there are numerous images/videos of child pornography. Below are the other 5 descriptions of the files charged:
